Subject: Approval of final research assessment report CARIM (2013-2018)

Dear Professor Scherpbier,

We have received and taken note of the final research assessment report of the External Review Committee (ERC) and their recommendations for the School for Cardiovascular Diseases (CARIM) for the period 2013-2018. The report adheres to the SEP guidelines and provides an insightful look into CARIM and its division. The committee is very positive in their assessment of the research quality, viability and societal relevance of CARIM and has provided a number of specific recommendations for the school and its divisions. The Executive Board hereby approves the ERC report and congratulates both CARIM and FHML with the positive outcome of the assessment.

To ensure proper follow up of the recommendations provided by the ERC we kindly ask you to formulate a plan of action and submit it to the Executive Board by the end of October 2020. In addition we request that you publish the final ERC report on the UM and CARIM website before April 2020.

Yours sincerely,
on behalf of the Executive Board
of Maastricht University,

Prof.dr. M. Paul
President
